

Hello CTLS Members!

With over 40 years in business, we at CCI Solutions Library Media Supplies offer high quality audio book replacement cases, DVD cases in a multitude of sizes and colors, CD packaging, sleeves, and much more. We are a direct manufacturer of the famous "Secure Latch" library case, which was created in response to libraries requesting more durable options to withstand the wear and tear of drop-boxes, backpacks and so forth.

With the sensitivity to library budgets – our goal is to provide a quality product at a fantastic price point. Our pricing is extremely competitive and we have been able to save libraries money across the United States and into Canada.

We encourage you to visit our website address to browse our offerings: ccisolutions.com/librarycase. *For a full view of our products, use the drop down tool bar options labeled "Packaging" and "Library Media Storage."*

We are proud to offer CTLS Members the following:

15% off all 2-ring **albums** and **sleeves** (i.e.: library and audiobook 5-26 disc capacity)
10% off all CD/DVD **cases** (i.e.: poly, jewel, amaray, etc...) and misc **accessories**
Additional bulk discounts applicable dependent upon quantity ordered.

We can make ordering easy for you with convenient Net 30 billing terms. We also offer free samples if you would like to take a closer look.

To order, just give us a call at 800-204-2866 or email premier@ccisolutions.com and mention your CTLS membership. We will then get your account setup for you and apply product discounts.

Thank-you so much for choosing CCI Solutions for your media needs.
