Dear Samantha,

Plymouth Rocket, Inc. agrees to offer a 20% discount for CTLS members who purchase one or more of our web-based applications designed for public libraries. The discount will be automatically calculated when members use the discount code, CTLS when ordering via our web site. This code may change to reflect your current acronym. Additionally, I would be happy to place the subscription orders whenever convenient.

Here is the link to our current [Products and Pricing](#) page.

If you need additional information, such as product-centric information for your web site, please don't hesitate to ask.

Thank you very much. I would be pleased to arrange product webinars whenever the time is right.

Best regards,

Jim
