Dear Samantha:

Thank You for contacting ProLine Digital and seeking our Company's participation with CTLS. Upon receiving your information explaining CTLS and its current participating members, we recognized that several of your members have been purchasing our products that includes **Technology Accessories, Media Packaging, Disc Care and Digital Signage** for several years.

ProLine Digital Products can be found online at prolinedigital.com where our easy to use website features our very popular Eco-Pro Multi-Disc Albums, DVD Multi-Disc Albums, Disc Hanging Files, Disc Cleaners, DiscGuard2 Sealers, Disc Scratch Restorer, Digital Signage and more. ProLine Digital's products are continually expanding and **New Products** are always introduced at our website first where all CTLS members can be first to view these new products along with **Cost Saving Prices**.

Exclusively for CTLS members, ProLine Digital will provide FREE SHIPPING on any size order plus provide monthly specials on one of our products each month. Starting off for the month of June, we will in addition to the free shipping, provide an extra 10% Discount on our durable Eco-Pro Multi-Disc Albums.

Orders can be placed at prolinedigital.com using coupon code "CTLS1516" at checkout or contact a live customer service representative via our toll free phone number 800-325-0853 Monday through Friday.

The accumulation of product design awards along with the numerous media credits that our products and Company have received over the years has been continually inspirational; however, the greatest inspiration is our customer's complete satisfaction.

ProLine Digital looks forward to being of service to all CTLS members.

Sincerely,

Tony Marcon
President/CEO
